June 2007

*"What we know as 'control of error' is any kind of indication which tells up whether we are going towards our goal, or away from it." Maria Montessori*

## Where oh where

has this year gone????

Each day as we discuss the calendar with the children, we are amazed at how the year has flown by! The children are continuing to thrill the teachers with the complex work they are capable of. They are a constant source of joy to us!! (and we laugh a lot each day)

### **BOY OH BOY!!!**

I have just been handed this HUGE list of everything everybody wants me to put in this newsletter. So here goes!

### **FUN FUN FUN**

It's confirmed!!! Our year end "fun at the park" day will be SATURDAY, JUNE 9 from 9:00 am to 12:00 noon. There will be a BOUNCY CASTLE, FACE PAINTING and lots more! We will NOT be having a bar-b-que, but will be putting out a sign-up

sheet for salads, finger foods, sandwiches, etc. Also, there is a sign-up sheet just for numbers, how many adults and children, posted next to the Pre-school door and the door used by the Elementary children. Please let us know how many will be attending from your family.

*And.....if that's not enough fun for you, we have booked our pre-school field trip to the.....*

### **AQUARIUM!!!**

We will be heading into Vancouver on Thursday, June 14. A notice is attached with more details and the driving "options" form.

The Elementary children will **not** be joining us as Miss Donna and Miss Bonnie have already planned a different event that will be announced soon.

*La...la...la....*

Our year end concert will be held on the last day of school, June 22. There will be both a morning and afternoon concert and *the All Day Kindergarten children will attend the MORNING CONCERT.* The times for the concerts are 10:00 am and 1:00 pm. The performing part of the concert will be held in the Sanctuary while the food and goodies will be available in the gym. (now known as the "hall")

### **MOVING RIGHT ALONG...**

(heh,heh, a little play on words)

The ELEMENTARY class will be moving into their new digs this month! The children will be helping with the move and are very excited about the new space. A very **BIG** thank you to **Andy**, also known as "Handy Andy" for all his hard work in finishing the new classroom which looks absolutely fabulous!

# B I N G O

We still have 2 dates for summer bingo coverage available. These are

**August 3** and **August 31**.  
If anyone is able to help us out with this, we will be especially nice to your child next year! (just kidding, but we really do need the help!!!)  
We have Dalton's grandpa for June (THANK YOU!!!!) and Marla Daskis for July (THANK YOU!!!!) and even Sandra Diersch for September (THANK YOU!!!!)  
So... if you think you can spare a couple of hours people watching and handing out winnings (so everyone likes you!) please do sign up.

## *Guess what???*

We still have some candles available that are now going for  $\frac{1}{2}$  price! Yes, that's right, I said  $\frac{1}{2}$  price!  
I've been burning my lovely little citronella ones as I sit out on my deck and those mosquitoes are staying away. At **\$5.00 for 4**, it's a deal that can't be beat!  
The lovely crayon candles are also available in a box containing 12 (looks just like real crayons) for the low price of \$10. Hey, with the chance of power outages due to flooding, these may

prove to be very useful in the home.

....And last but not least, the package of 2 wonderfully scented candles in very pretty glasses are an incredible value at \$8.00 for both! Just think, if you had these handy in case of a power outage, not only would you have light, but you would have a nice smelling house too. Double duty.

## **Speaking of floods and power outages...**

A notice will be going home explaining what will be happening at the school should rising water cause disruption to essential services in Maple Ridge and Pitt Meadows.

The weather is supposed to be quite nice this week and that usually means we take a trip or two to the park. Please, please, please, slather some sunscreen on your child and if you can send a sunhat, that would be great. We've been talking about sunburn and protecting our skin with the

children. We do have some sunscreen here at school for those who forgot. If you DO NOT want us to apply sunscreen due to allergies or any other reason, please let us know.

## *Yummy, Yummy...*

We are having one last Meat Sale through the school. This is a great opportunity to stock up on all your barbecuing needs for the summer.

## **SUMMER ART CAMP**

Camp "Too Much Fun" is almost full!  
So.... if you want your child to attend any of the weeks, let me know as soon as possible.

*And so... the school year ends... it's time to face... the final curtain..* boy, somebody ought to write a song like that!

Seriously, we have had the most incredible year with your children! Thank you for providing us with the opportunity of working with your child. For those leaving us, we hope your experience has been as positive as ours and for those returning...

**YAHOO!!!!!!**
